SNOWSTRIKER™ SNOWPLOWS

“In Finland we have snow for 6 months out of the year. We truly know snow removal technology!”

SNOWSTRIKER™ 1450-1850 LS STRAIGHT BLADE

LIGHT WEIGHT ELECTRIC STRAIGHT BLADE FOR ELECTRIC VEHICLES & UTV

The **SnowStriker™ 1450-1850 LS** is a light-weight snowplow designed to fit light municipal vehicles with low front axle rating, for example electrical vehicles like GOUPIL, EVUM, Melex, Alke, Addax etc. The plow is available in 3 sizes: 1450, 1650 and 1850 mm.

The curved, powder-coated blade is made of high-strength steel, which in this case is the key to our durable but light plow. The cutting edge in two segments with trip springs provides the best snow plow protection on the market. The cutting edge is available in polyurethane or steel.

SnowStriker™ 1450 LS Straight blade plow on GOUPIL

STANDARD FEATURES

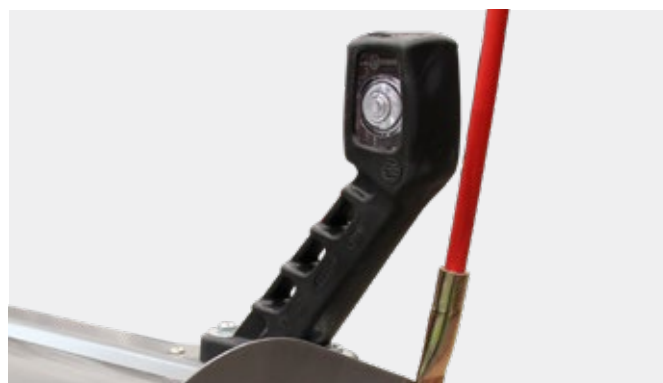

- ✓ Cutting edge in two segments with trip springs protects the plow and vehicle when striking curbs or other obstacles. The trip springs on one side of the cutting edge will be compressed when hitting an obstacle, while the other cutting edge segment stays on the ground.
- ✓ Down-pressure function presses the plow down for a cleaner scrape
- ✓ High performance 12V power unit inside enclosed housing
- ✓ LED edge-markers
- ✓ Curved blade for optimal snow-rolling effect
- ✓ Hilltip Quick Hitch: Fast, easy plow attachment to car with all-in-one electrical plug
- ✓ Blade tilts and oscillates while plowing on uneven ground for a cleaner scrape
- ✓ Self-diagnostic in-cabin joystick

Joystick

OPTIONAL FEATURES

- + Color-options: orange snowplow
- + HTrack™ 2-way online tracking system (only if used with IceStriker™ spreader/SprayStriker™ sprayer)
- + 24V plow control & motor system

LED edge-markers

SNOWSTRIKER™ 1450-2600 STRAIGHT BLADE

1450-2600 STRAIGHT BLADE FOR PICKUPS, UTVS & TRACTORS

The SnowStriker™ SP/SUTV straight blade plow for pickups and UTVs is the first plow of its kind built in Europe. The **Hilltip Quick Hitch** mount makes this easy on-and-off snowplow compatible with most pickups, SUVs and UTVs on the market.

The SnowStriker™ STR tractor plows are designed with a heavy duty box construction for hard winter conditions, and fits compact tractors and loaders with a total weight of 1-5 ton.

PLOW DESIGN

The curved, powder-coated blade is made of high-strength steel, which in this case is the key to our durable but light plow. Two segmented cutting edge with trip springs protects the plow and vehicle from impact when hitting obstacles. The cutting edge is available in polyurethane or steel.

SNOWSTRIKER™ 18-26 SFP FLEX SNOWPLOW

EXPANDABLE SNOWPLOW FOR PICKUPS, LIGHT TRUCKS AND SUVS

SnowStriker™ 18-26 Flex plow in extended position

Hilltip **SnowStriker™ 18-26 Flex plow** is excellent for clearing parking areas with its expandable wings, **adjustable from a compact 1850 mm to an expanded 2600 mm position.**

Equipped with an electrohydraulic powerpack, it efficiently controls the 3 mm thick wing structure, ensuring effective snow removal.

The patented safety mechanisms increase the impact resistance of the plow when hitting obstacles. The end guiding plates can be manually folded to enable conventional plowing.

SNOWSTRIKER™ SFT FLEX BOX SNOWPLOW

EXPANDABLE BOX SNOWPLOW FOR 1-4 TON TRACTORS AND LOADERS

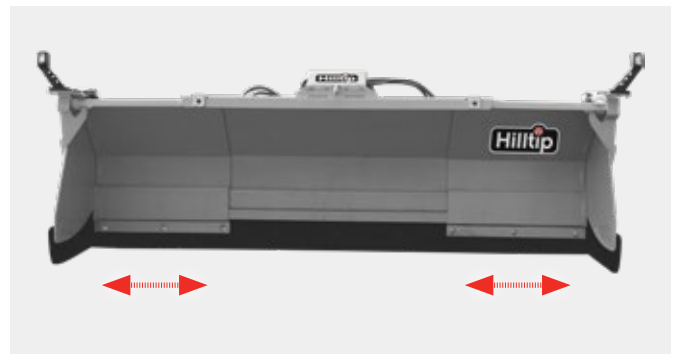

The Hilltip **SnowStriker™ SFT Flex box plow** is designed for tractors and loaders ranging from 1 to 4 tons, offering a highly versatile solution for winter maintenance. Whether you're clearing small driveways, yards, or larger parking areas, this plow adapts effortlessly to different environments with its **expandable wings**, ensuring efficiency and precision in every pass.

The **powder-coated blade** is made of **high-strength steel**, which in this case is the key to our durable but light plow.

The plow comes in three sizes, each with an expandable range:

- SnowStriker™ 13-21 SFT: 130 - 210 cm
- SnowStriker™ 15-25 SFT: 150 - 250 cm
- SnowStriker™ 18-29 SFT: 180 - 290 cm

The end guiding plates can be folded hydraulically for conventional plowing.

SNOW AND ICE CONTROL EXPERTS

Hilltip is a leading European manufacturer of road maintenance equipment for pickups, UTVs, tractors and more.

The Finnish climate and many years of experience has made us experts in developing the most efficient and durable products for snow- and ice control. The combination of high quality materials and state of the art technology makes it hard to compete with Hilltip products.

Our products are designed, engineered and manufactured in our factory in Finland and distributed worldwide. Head office and production are located in Pietarsaari, Finland and our two subsidiaries, Hilltip Corp. in the US and Hilltip GmbH in Germany.
